

Banana Weather Report

BAMIS Fully Verified - Bangladesh

Ground truth: Bangladesh Agro-Meteorological Information Service (BAMIS), Department of Agricultural Extension.

Coverage: Barishal, Bogura, Dhaka, Jashore, Mymensingh, Rangamati and Rangpur.

Dataset: 217 weather rows (7 regions x 31 BAMIS source entries).

Variables: rainfall, max/min/mean temperature, RH max/min/mean, sunshine, wind speed and wind direction.

Important correction: Bogura was replaced with the official BAMIS Bogura calendar; the incorrect Barishal-like Bogura series was removed.

No synthetic or interpolated values were added.

Banana Crop Weather Calendar: Barishal Region

Districts: Barishal; Jhalakati; Patuakhali; Pirojpur; Barguna; Bhola

Verification Audit

The uploaded corrected_banana_weather was checked against BAMIS official regional crop-weather sources.

Six regional sections were retained and normalized to BAMIS region spelling.

Bogura was corrected using BAMIS official 25593.pdf: rainfall begins 1, 4, 3, 5, 2; max temperature begins 26.9, 27.7, 28.6, 29.3, 30.9.

The Drive-folder banana_bogura.pdf contained a Barishal-like series and was not used as the final Bogura ground truth.

The synthetic banana.pdf was excluded from the corrected dataset.

No interpolation or fabricated replacement values were added.
